### Season's Greetings

The Alumni Association would like to wish you and yours a wonderful holiday season. We've enjoyed seeing so many of you at our events this fall — from our first ever CSUF Dodger's Night to our Founding Titans luncheon, D12 dinners, Concert Under the Stars and Homecoming game.

It's a wonderful time to be a Titan, with President Fram Virjee's permanent appointment as CSUF president to the unveiling of a new campus promenade and

the naming of Gordon Hall. In sports, the CSUF women's cross country team won its first Big West Conference championship in program history, women's soccer took the Big West Championship for the third year in a row and six Titan alumni participated in the World Series.

In the arts, "Beauty and the Beast" screenwriter [Linda Woolverton '79](#) paid an exclusive visit to campus to speak to theater arts students in preparation for their fall production and Wayne Unten '03 brought his Titan talents to the big screen as an animation supervisor for Disney's "Frozen 2."

We have so much to be proud of as Titans and we're only halfway through the academic year!

Happy Holidays Titan Family,  
CSUF Alumni Association

### Cal State Fullerton Alum Bullish on School Investment Program

As a graduate of California State University, Fullerton, Jeffrey S. Van Harte has a little chip on his shoulder when it comes to quality of public university education. He has donated a total of \$1.5 million to CSU Fullerton to create and support an intensive, yearlong academic investment track within the university's Mihaylo College of Business and Economics. The cornerstone of the program is [Titan Capital Management](#), a student-run investment fund that's part of the university's \$100

million endowment.

### Wayne Unten '03

College of the Arts alumnus Wayne Unten '03 (B.F.A. entertainment art-animation) reprises role as animation supervisor for Disney's 'Frozen 2'. Disney animator Wayne Unten admits he had trouble letting go when he completed his work on the 2013 hit film "Frozen." Years later, the opportunity to revisit Queen Elsa of Arendelle in a sequel left him somewhere in the zone of elated. "I'm so grateful for my education at CSUF," he shares. "I gained a well-rounded experience, as the curriculum exposed me to the many specialized positions of the industry, such as story, layout, character design and character animation."
