VISION & VISIONARIES

Cal State Fullerton recognizes exemplary alumni and friends at the biennial Vision & Visionaries awards dinner. Vision & Visionary recipients are distinguished alumni and friends who are nominated by the CSUF community and honored for their dedication to the Titan family.

Established in 1994, the Vision & Visionaries awards are the highest honors bestowed by California State University, Fullerton on alumni and community honorees. The Vision & Visionaries awardees selected over the years represent distinguished achievement in areas such as academia, the arts, athletics, business, journalism, humanities, and science.

We are not alone in recognizing our Vision & Visionaries award recipients, as professional organizations, the community, and the media have saluted their successes as well. These alumni and community honorees are remarkable individuals whom Cal State Fullerton is proud to call our best and brightest!
